

Vanessa Sandstrom's Biography

I am originally from the small farming community of Avondale, CO. I graduated from the University of Southern Colorado In Pueblo, CO. I was previously employed with the Pueblo County Department of Social Services as a caseworker in the Children's Intensive Treatment Program for three years. I continued my career progression by taking a position with Parkview Medical Center-Behavioral Health Services for eight years. Realizing that my true calling is working with special needs children, I took a position at a Pueblo Charter School as an Elementary Special Education Teacher for 1.5 years until I completed my Masters of Education with an emphasis in Special Education from Grand Canyon University. This is my second year teaching at CSCA and I am very excited to work with your child!

My personal life consists of spending time with my amazing husband and step-daughter. I also occupy my life with my three Maltese dogs, traveling, hiking, biking, swimming, camping, and cooking.
